

Can you help us identify this building?

We occasionally receive photos and other items that have been found in antique shops, on eBay, and other places. They may or may not have references to family names, but they do have some relation to McLean County, IL. If you can identify any of these photos, and/or claim an ancestral connection, please [contact us](#). The following photos were all taken in Bloomington:

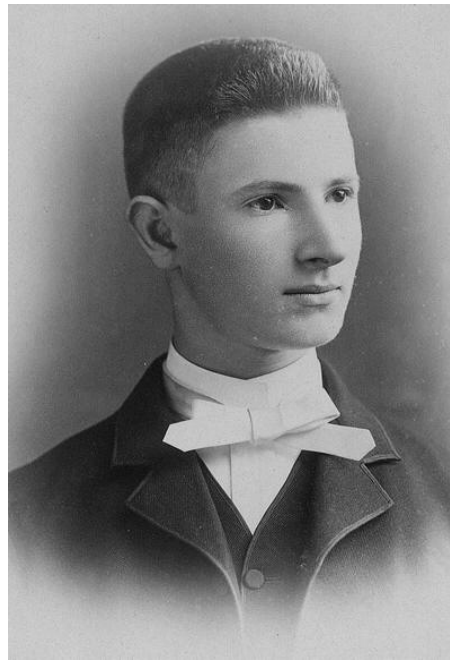

Angersbach

Two of these women were Heeg. The other three were their half sisters named Angersbach. I know who the women are but not which is which except the that front center woman in both pictures is Caroline Heeg Neuerburg, my great grandmother. The other Heeg sister is Cecilia.

The three Angersbach sisters are Frances, Lena and Mary. They all married in Bloomington and all stayed their thru their life except Caroline who moved to Chicago as a widow with 5 children. This

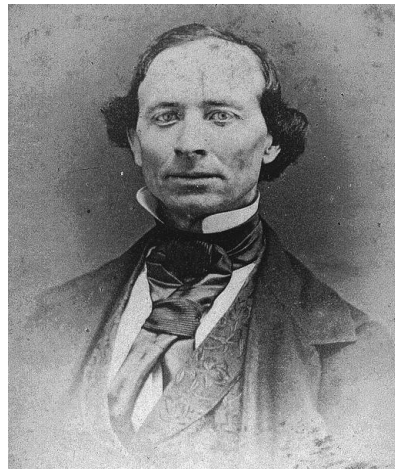

photo was submitted by Helen Collins. Contact the webmaster to make a connection with her.
